COUNCIL MEETING.

Council of the Municipality of
South Qu'Appelle met Sept. 4,
1900.

Present the Reeve and all the
members.

Minutes of last meeting were
read and on motion of Councillors
Jones and Dechittie were adopted.
The following communications
were read:

F. H. and S. Inspector, re sewer-
age; Board of Health, re sewerage;
Wm. Brown, re dam, Tp. 17, Rg. 16;
H. Guthridge, extending roadwork;
Imperial Bank of Canada, re loan.
A number of accounts were re-
ceived and referred to the commit-
tee of F. A. & S., who reported as
follows:

We, your committee of F. A. & S.,
beg to recommend that the follow-
ing accounts be paid: W. H. Hun-
ter, stationery, etc., \$10.75; C.
Foster, removing nuisance, \$1.00;

G. Vickers, Aug. report, \$28.50;
Weed Inspector F. G. Whiting, Aug.
report, \$17.50; Weed Inspector J.
C. Starr, Aug. report, \$8.25.

We would recommend that the
sums paid out by the Weed Inspec-
tors be charged against the respec-
tive lands as per their reports.

Further that the bylaw author-
izing the Reeve and Secretary-Treas-
urer to borrow the sum of \$1500
on acct. of statute labor fund be re-
voked and that a bylaw be passed
authorizing loan of \$2,000, the same
to be borrowed from the Imperial
Bank of Canada at 5 1/2 per cent.
Also that our account with Molson's
Bank be closed and balance to our
credit be drawn and placed in the
bank of S. H. Caswell & Co.

Further that the monthly state-
ment of the Secretary-Treasurer
showing a debit balance of \$924.09,
be received and filed. All of which
is respectfully submitted.

tween secs. 8 and 9, 16 and 17, 20
and 21, 28 and 29 in township 17,
range 15 instead of on the road
east and that the appropriation for
the same be \$150.—Carried.

Dechittie-Jones—Whereas the
Board of Health have complained
that the drain leading from the
Queen's hotel has been and is dan-
gerous to the health of the citizens;
therefore be it resolved that the
said drain be flushed out with at
least four tanks of clean water and
a sufficient quantity of disinfectant
be used to properly cleanse the
same, and that the drain be discon-
tinued and the source filled up, and
that the F. H. and S. Inspector be
instructed to proceed with these
instructions at once.—Carried.

A bylaw authorizing a loan of
\$2,000 with interest at 5 1/2 per cent
for three months was passed and
numbered 295.

Dochittie-Johnston—That the
Reeve and members of the Council
be a committee to draft an address
to be presented to the Governor-
General on his arrival here, and
committee to meet at the call of
the Reeve.—Carried.

On motion of Shaw and John-
ston the meeting adjourned.

Farmers' Markets.

PAPER READ BY MR. G. C. D. EL-
MUNDS AT THE FARMERS' MEET-
ING ON SEPT. 8.

Mr. Chairman and Gentlemen:

The markets of the farmer is a
factor in his life that is second to
none; the market he has to sell
his produce to and the market in
which he has to buy his supplies.
In this country the wheat market
stands prominently to the fore and
it seems to be a very uncertain
one, depending a great deal on the
locality, the local buyers and the
honesty of the buyers. There is a
deal of distrust in connection with
selling wheat. Farmers complain
of unfair grading and heavy dock-
ages. This is the cause of a good
deal of unpleasantness between a
farmer and the buyer. The remedy
that I would suggest in every
clear case of wheat stealing would
be to arrest the man and give him
a month in prison. And in the
case of the elevator or other agent
purvey receiving the stolen knowingly,
fine them the sum of \$1,000. I
have no doubt that there would be
very little wheat stolen under these
conditions. I think no farmer
should carelessly or lightly make a
charge against a buyer of wheat
dockage or wrong grading, but if he
has made it he should go through
with it and make a business of it.
One thing all farmers should aim
at is to bring their grain to market
in a clean and dry condition, so
that the buyer should not have the
excuse to dockage. The little wheat
I have had to sell has always been
in good condition and I have al-
ways been well treated at the mar-
ket. My idea is that if wheat is
good clean grain and free from
seeds and dirt the buyer should
give the farmer credit for every
pound and offer a price per bushel
that will cover all expenses. If
this was done there would be no
more trouble about dockage.

The next market in importance
is the cattle market. There is a
great deal of difference in the price
paid to the farmer and the price
paid in the old country markets.
There are too many middlemen to
pay and it is the farmer who pays
them. Here again we meet with
dockage for shrinking which gives
dishonest dealers a loop hole to
steal so many hundredweight of
beef. The price should be stated
and full weight paid for. Make a
straight price with just weight and
then farmers will have no reason
to complain.

PRISONER KRUGER

AT LORENZO MARQUES IN RESIDENCE OF DISTRICT GOVERNOR.

Not Allowed to See Acting President or Foreign Consuls—Canadians May Come Home.

London, Sept. 16.—According to the Lorenzo Marques correspondent of the Daily Telegraph, Mr. Kruger is virtually a prisoner in the residence of the district governor. This is at the instance of the British consul who protested against Mr. Kruger using Portuguese territory as a base of directing his executive. The French consul has been forbidden access to Mr. Kruger, as have also the latter's own officials. The district governor has notified Herr Pott, the Netherlands' consul, that he (Pott), who had acted as the Boer consul agent at Lorenzo Marques, can no longer be recognized as a representative of the Transvaal, which is now British territory.

"I have had an interview with the American attaché, who is somewhat bound," says the correspondent. "and he is of the opinion that hostilities may drag on for a considerable time, as the Boers in their despair threaten to fight to the death. Acting President Schalk Burger arrived here last night to confer with Mr. Kruger, but he was not permitted to see him and he returned immediately to the Transvaal."

Ottawa, Sept. 15.—The following cable was received here today.

London, Sept. 15.—Referring to your telegram of Aug. 30, the Field Marshal, the commander in chief of South Africa, has been instructed to dispatch from South Africa members of the Royal Canadian regiment not willing to extend service, to arrive in Canada not later than October 15. In the event of a large number they will be sent direct to Canada by transport, specially detailed; otherwise they will be sent to England by transport conveying invalids. (Signed) Chamberlain.

BRITISH ORDERED OUT.

Third Brigade at Hong Kong Will Proceed at Once to Wei-Hai-Wei.

Hong Kong, Sept. 15.—Orders have been issued for the third brigade to proceed to Wei-Hai-Wei immediately.

Tien Tsin, Sept. 12, via Taku, Sept. 15.—The expedition under Gen. Dordward against the Boxers threatening the Tien Tsin region reached Tu Lu, written Tu Lu, on the Grand canal, without opposition and the city was occupied without a shot being fired. Three columns converged there yesterday after a two days' march and found the place had already surrendered to one officer and eight Bengal Lancers. Gen. Dordward ordered the town burned after it had been thoroughly looted. The villages en route made peace offerings and in most cases were undisturbed. Apparently the Boxers have disbanded in that region and the whole is quiet.

London, Sept. 15.—The Times has advice from Peking, dated Sept. 1, saying that 5,000 Russians had arrived there during the previous three days. "Li Hung Chang will be taken on board a Russian warship at Wu Sung and received by the Russians at Taku," says the Shanghai correspondent of the Morning Post. "and he will be accompanied by the Chinese minister of railways."

According to Shanghai correspondent of the Times writing Wednesday Earl Li considers that the preliminary difficulty of the negotiations consists in the necessity, which he realizes, of denouncing Prince Tuan and his accomplices to the throne. He is of opinion that it would be advisable for the allies to take the initiative by compiling a list of those held chiefly responsible and by formulating their demands accordingly.

PARIS FIRE INSURANCE.

Amount of \$168,705 Will Be Paid, as Buildings and Their Contents Were a Total Loss.

Paris, Sept. 15.—The revised list of insurances carried by the various companies on properties affected by the fire on Wednesday aggregate \$168,705, and as nearly all the properties included in these risks are total losses, the above figures will represent the amount to be paid by the companies.

Hastings, Sept. 15.—The Ormiston cheese factory was injured by fire to the extent of \$2,000 today and the cheese to the value of \$2,000 was destroyed.

Welland, Sept. 15.—Several large buildings connected with the Peat Fuel works were destroyed today by fire including the machinery worth many thousands of dollars.

Caserta, Italy, Sept. 15.—Gaetano Longo, on returning from the United States to Palermo, killed his wife in a fight of jealousy, and then two men who he believed had had improper relations with her. Having committed the triple crime he ran amuck, killing five others and wounding two fatally. Then he committed suicide.

CANADA AND ABROAD.

A Budget of Important News Condensed.

Ottawa, Sept. 14.—Capt. J. L. R. Parry, 90th regiment, Winnipeg rifles, is attached for duty to B squadron, Royal Canadian Dragoons, until further orders.

Montreal, Sept. 16.—Judge Dugas, administrator of the Keweenaw, left today for Dawson City, after having spent an extended holiday among friends in this city.

London, Sept. 15.—The Gazette announces that the Victoria Cross has been bestowed on Sergeant Arthur Lindsay, of Strathcona's Horse, for rescuing a wounded trooper in the face of a heavy Boer fire at North Standerton on August 5.

Cobourg, Sept. 15.—Norman R. Wilson, recently appointed lecturer in mathematics in Wesley college, Winnipeg, is a son of ex-Mayor Richard Wilson, of this town. He had a brilliant university career, and captured the gold medal each year in mathematics.

Toronto, Sept. 15.—Wm. McKenzie, president of the street railway, met representatives of the street railway employees yesterday and discussed the question of wages with them. It is expected that amicable arrangements will be made today and the threatened strike averted.

Houston, Tex., Sept. 15.—There are really few prominent names in the list of dead from Galveston. Most of them are people who were not well known outside their own circle of acquaintances. The class of people who are dead were working people, small tradesmen and small professional men.

Kingston, Sept. 15.—Captain Hewitt, R.A., is expected to accept the position of professor of artillery at the Royal Military college, in which event Capt. Straubenzis will take the staff adjutancy heretofore filled by Lieut. Col. McGill. Capt. Hewitt was the first commandant of the Royal Military college.

Madrid, Sept. 15.—The Swiss arrested at San Sebastian yesterday charged with plotting to assassinate a European monarch, is named Walter. He is 30 years of age and was born near London. His departure from there about three weeks ago was due to the police searches in anarchist centres in consequence of the assassination of King Humbert of Italy.

Charlottetown, P.E.I., Sept. 15.—This province was visited yesterday by a terrible storm. Two Carqueet fishing boats were driven ashore on the west coast and during the washing ashore a number of men were drowned, but their names are unknown. A lobster factory at Sea Cow Head was utterly demolished. An unknown schooner or was driven ashore at Port of And it is feared the crew all perished.

Scranton, Pa., Sept. 15.—There is no longer any question as to a general, if not a complete tie up of the mines in the Lackawanna region Monday morning. Today 15,000 of the 33,000 miners are on strike; 21 of the 97 collieries are forced into idleness, and by noon tomorrow, according to the advice received in the headquarters of the mine workers, and judging from the expressions of the operators, every man in the district will have cut his last ton of coal.

New York, Sept. 15.—The dead body of a man, who had registered last night as G. H. Bartlett, New York, was found yesterday in a room in the Hotel St. Charles, Brooklyn. A woman, who had been registered as his wife, had disappeared. A revolver was found on the floor of the room and it is believed that the man committed suicide. Tickets bearing the name of "Southgate" were found in the pockets of the clothing of the dead man.

Winnipeg, Sept. 15.—Lord and Lady Minto, with their party, will not stay off in Winnipeg on their return from the coast. Major Mulvey, secretary of the school board, received a telegram from the governor general's secretary on that effect, giving information to the school board in reply to a message sent to Lord Minto by the board, asking the time when he would be in the city, so that a suitable reception could be arranged by the school children. Cold water will thus be thrown on the plans to have the viceregal party visit the hospitals and other public buildings.

WILL MEET IN WINNIPEG.

Next Medical Convention to Be Held in the Prairie Capital.

Ottawa, Sept. 15.—The Medical convention decided yesterday to hold the next annual convention in Winnipeg. The following officers were elected: President, H. Chewin, Winnipeg; Vice-presidents, Prince Edward Island, D. H. Johnson, Charlottetown, Nova Scotia, G. T. Mader, Halifax, New Brunswick, T. D. Walker, St. John, Quebec, A. Laphorn Smith, Montreal, Ontario, A. A. MacDonald, Toronto, Manitoba, J. A. MacDonald, Brandon, Northwest Territories, J. D. Lafferty, Calgary, British Columbia, S. T. Tansell, Vancouver.

The general secretary is F. N. G. Starr, Toronto; treasurer, H. B. Snaith. The executive are: R. J. Blanchard, W. Hardy Smith, Winnipeg and R. S. Thornton, Deloraine.

BRITAIN IN PEKIN.

WILL NOT LEAVE UNTIL CERTAIN CONDITIONS ARE FULFILLED.

Baron Kettler's Murderer Captured—He Confessed and Was Handed Over to the Germans.

London, Sept. 14.—Great Britain's reply to the Russian proposition for the evacuation of Pekin was sent two days ago and as the Associated Press forecasted, Great Britain declines to evacuate Pekin prior to receiving satisfactory guarantee from the Chinese government for the fulfilment of certain conditions.

St. Petersburg, Sept. 14.—The Russian government firmly adheres to its proposal to evacuate Pekin and continues to cherish the hope that Germany will end by agreeing to it and thus induce Great Britain to follow. It is explained, however, that Russia recognizes the impossibility of the allies leaving Pekin unless the Chinese government immediately enters so that there should not be an interval without a government. Russia cannot, therefore, move before the termination of the negotiations now begun for guaranteeing order in Pekin by the installation of a government immediately after the evacuation.

The Novoye Vremya says quarters have already been secured at Tien Tsin for the Russian troops leaving Pekin. The paper adds that some detachments will march to Taku and remain there, but that the majority will return to Port Arthur or to Li Han for the winter. A dispatch from Saratov says that the dispatch of batteries of artillery and the purchase of horses for the use of the Russian army in the far east have been contemplated.

Pekin, Sept. 16.—Prince Ching during the course of private interviews with the ministers yesterday informed them that while he had power to negotiate he could not act without Li Hung Chang. An urgent request has been telegraphed Li Hung Chang to come to Pekin. Marquis Tsing states that nothing can be done until the arrival of the emperor.

Pekin, Sept. 13.—The Japanese have arrested the assassin of Baron Von Kettler, the late German minister to China, and handed him over to the Germans. He has confessed his guilt. He was arrested for trying to sell to a Japanese a watch with initials in which he admitted he had taken from the body of Baron Von Kettler.

Col. Trotter's party yesterday engaged 500 Boxers seven miles from Macipo. The Boxers were armed only with swords and spears. The Russian cavalry charged on them, with sabres. The charge was made through the corn fields and the Russians succeeded in killing the commander of the enemy's forces. The casualties among the Boxers are estimated at 200.

MARTIAL LAW PROCLAIMED.

Transvaal Will Be Known as the Vaal River Colony.

Pretoria, Sept. 14.—Lord Roberts has proclaimed martial law over the entire Transvaal republic now known as the Vaal River Colony. The testimony of medical men here generally is to the effect that the statements by Burdett Coutts regarding the condition of the hospitals is greatly exaggerated. At Bloemfontein and Kroonstad, there was some extra suffering when the pressure became great owing to the lack of skilled orderlies but there was nothing to warrant W. H. Burdett Coutts' statement.

Lisbon, Sept. 14.—Instructions have been sent to the governor at Lorenzo Marques concerning the measures to be taken in regard to Kruger who is now at that place and who will remain under the protection and surveillance of Portuguese authorities.

Berlin, Sept. 14.—The German papers, discussing Kruger's arrival at Lorenzo Marques, interpret it as tantamount to the end of the war. The Vossische Zeitung observes: "The friends of the Boers must reconcile themselves to the fact that the Boers power of resistance is definitely broken."

Lorenzo Marques, Sept. 14.—Kruger has telegraphed his wife to join him before sailing, but she replied that her health would not permit it. It is reported that Botha has resigned the chief command of the Transvaal forces to Viljoen.

London, Sept. 14.—All the morning papers publish sketches of Mr. Kruger's extraordinary career. The editorials comment upon his humiliating and undramatic exit, which is universally regarded as less perplexing than, and therefore preferable to capture. His flight with the bullion is regarded as putting an undignified end to his long pretensions.

London, Sept. 14.—Lord Roberts reports from Macabodro under date of Wednesday Sept. 12, that General French was heavily engaged that day with the Boers in the hills west of Barberton and that General Hutton had gone to General French's support.

NEWS IN BRIEF.

Telegrams and Cables Condensed.

London, Eng., Sept. 14.—The condition of R. V. Dean Vander, of Ottawa, chaplain of the Canadian House of Commons, who is ill here, remains unchanged.

Ottawa, Sept. 14.—Albert McConnell, of McTaggart street, was down the river on Tuesday night on a sand-barge, belonging to the Ottawa Sand and Gravel company, and was drowned at Kettle Island.

Niagara Falls, Sept. 14.—Edward Carter, pumpman at the waterworks pumping station, fell into the flume while trying to divert floating debris, while the high wind was blowing into the basin last night.

Warkworth, Sept. 14.—The seven year old son of Abram Phillips, was shot by his brother today. The two were playing with a air gun, when it accidentally went off, the charge lodging in the left side.

Toronto, Sept. 14.—The law professorships of Toronto university, recently held by Senator David Mills and Mr. Justice Proudford, have been assigned to Mr. A. H. F. Lefroy, barrister-at-law, and to Mr. Gregory Young, barrister-at-law.

Winnipeg, Sept. 14.—Ald. Sharpe says that work on the Scott Memorial hall will be proceeded with at once. The corner stone of the new hall was laid in connection with the big Orange demonstration on the twelfth of July, but since that time little or no work has been done.

Memphis, Tenn., Sept. 14.—A special to the Commercial Appeal from Cairo, Ill., says the special car of the Duncan Clarke Female minstrel troupe was wrecked at Mount yesterday afternoon and of sixteen occupants nine are now dead and six others are seriously injured, some of them perhaps fatal.

Ashcroft, B. C., Sept. 14.—This morning while lying asleep and intoxicated across the track near here, George Knappit, a rancher and resident of this place, was run over by a freight train, crushing his limbs in such a manner as to necessitate amputation of one leg and an arm. Knappit has been taken to the Kamloops hospital.

Banff, Sept. 14.—Banff is popular at this late season of the year; there are still sixty guests enjoying the beauties of Banff in the Canadian Rockies, while ten others are making the chalet at Lake Louise their headquarters for mountain climbing and exploration. It has not yet been decided when these hotels will be closed.

Toronto, Sept. 14.—The gale which reached Ontario at midnight on Tuesday, and continued with great force for several hours afterwards, was one of the most violent in the history of the province. It swept through the streets of Toronto with a terrific force and the noise created by it awakened thousands. Strange to say, the damage done was very slight.

Vancouver, B. C., Sept. 14.—James McAllister was seriously, if not fatally, injured by the explosion of the city boiler apparatus, which is at present at work repairing the asphalt at the corner of Carroll and Hastings streets. The door of the furnace was blown out and struck McAllister in the chest, crushing him badly. He came from Toronto a short time ago.

La Juna, Colo., Sept. 14.—C. J. Sealey, a young man of Galveston, Texas, who is in this city, has received a telegram from the mayor of Galveston, informing him of the death of 41 of his relatives, among whom are his mother, two sisters and three brothers. The young man said today that he did not believe he had a relative left on earth.

Winnipeg, Sept. 14.—The freight traffic on Lake Superior during August was 3,714,774 tons, a falling off of about 7 per cent. from the highest total on record, that of the preceding month. The decrease was due to the smaller business in both iron, ore and grain. Up to date there have passed in and out of Lake Superior more than 16,400,000 tons of freight, or more than in any entire season of navigation prior to 1896.

EIGHTY-FIVE LIVES LOST.

Disaster to a Southern Pacific Train En Route to Galveston From New Orleans.

New Orleans, Sept. 14.—News reached here today that the lives lost in the disaster to the Southern Pacific train which left here for Galveston on Friday night number 85. About 17 passengers found refuge in the government lighthouse near where the train was wrecked, and these were saved.

The state today received a telegram from Hon. John Poe, member of the state board of education, and residing at Lake Charles, stating that 83 lives were lost on the golf and interstate train which left Beaumont early Saturday morning from Bolivar Point, after having made connections with the Southern Pacific train which left this city Friday night.

New York, Sept. 14.—The New Orleans dispatch concerning the train said to have been struck by the Texas hurricane and wrecked and 85 people killed, was shown to Charles Tweed, who said he had never heard of it and did not believe it was true.

GALE ON GREAT LAKES.

Gulf Storm Makes Its Appearance Near Buffalo—Shipping Men Warned.

Buffalo, Sept. 12.—What seems to be the forerunner of the southern storm made its appearance tonight. Its manifestation was a rapid increase in the velocity of the wind which was howling in from the lake at about 40 miles an hour at midnight. From a velocity of 16 miles an hour at 8 o'clock the wind increased to 30 miles an hour at 10 o'clock. Vessel men, however, do not appear much alarmed over the predictions of the weather bureau, as pine logs cleared up the lakes tonight.

Washington, Sept. 12.—The West Indian storm which has passed from Texas to Iowa since Sunday, has increased greatly in intensity during the last 24 hours. From Iowa it will move northeastward and will cause severe gales over Lake Michigan tonight and over Lakes Huron and Eastern Superior late tonight and Wednesday.

FROM BOTH HEMISPHERES.

Important News Condensed Into Brief Paragraphs.

Houston, Tex., Sept. 12.—Latest estimate from a Post correspondent just back from Galveston places the number of dead at 5,000.

Neepawa, Sept. 12.—Neepawa has put bylaws in force levying a tax of \$25 on commercial travellers and a tax of \$100 on transient traders.

Shanghai, Sept. 12.—The six hundred Japanese marines who landed here have formally placed themselves under the orders of the British general.

Rosland, B. C., Sept. 12.—Lord Minto, governor general of Canada, and party arrived here yesterday. They were received with all possible honor.

Watertown, N. Y., Sept. 12.—Chas. B. Bowers has received the following telegram from Bath, Ont.: "Your wife is dead. Sir, you are a villain. (Signed) Eugene G. Deane."

Ottawa, Sept. 12.—James Allen, a laborer, aged 23, fell from a scaffold on which he was working yesterday and is not expected to recover. He fell a distance of 40 feet.

Chicago, Sept. 12.—Two persons were killed and a number injured in a fire which destroyed the two story tenement at Desplaires street. The dead are James Pulling and his three year old child James.

London, Sept. 12.—Dr. Parker, the famous Congregationalist preacher of the London City Temple, has announced his intention of retiring next year. Dr. Parker is 73 years old and has been inseparable since the death of his third wife last year.

Vancouver, Sept. 12.—Private Brooking, of New Westminster, who fought at Paardeberg and other South African battlefields where the Canadians distinguished themselves, will arrive on Thursday and will come in for a warm reception.

Berlin, Sept. 12.—From a reliable source it is ascertained that the Dowager Empress Frederick has been suffering for a year with cancer. The disease is already far advanced and she is a very sick woman. The forthcoming visit of Queen Victoria is understood to be connected with her daughter's malady.

Winnipeg, Sept. 12.—A committee composed of 6 C. P. R. conductors, with chairman Walsh, of the executive committee, waited on Manager Whyte yesterday. It is understood that several matters of importance relating to a conductor's rights were brought before the manager's notice and that the conductors are well satisfied with their reception.

London, Sept. 12.—Baron Curzon, of Kedleston, viceroy of India, has called the Indian office that good rains have fallen in Madras and central Bengal and on the Gangetic plain, relieving all present anxiety regarding the autumn crops in these territories. The total number now receiving famine relief has fallen to 4,334,000.

New York, Sept. 12.—Mrs. Norman Selby, wife of Kid McCoy, in an application for divorce from her husband, confirms by affidavit the statement made recently by Mrs. Jas. J. Corbett, that the fight between Corbett and McCoy, which took place at Madison Square garden on Aug. 30 was a fake. Mrs. McCoy charges her husband with having sold out his friends in the fight.

Halifax, Sept. 12.—Capt. St. Bernier returned from Newfoundland, where he examined all the vessels engaged in the whaling business to select one for his proposed North Pole expedition, but report that he found none he considered strong enough to resist the pressure of polar ice. He therefore, has proposed that the Canadian government build a suitable vessel out of the grant that has been promised.

West Selkirk, Sept. 12.—A sad accident occurred here last night in which a young man by the name of W. R. Davidson, electrician, was instantly killed. Mr. Davidson was manager of the electric light power house here and while working around the machinery pumps, took hold of an electric lamp and a short circuit was formed, which instantly killed him. Mr. Davidson has only been here a short time. His home is in Freighburg, Que.

"Let us have faith that right makes might; and in that faith let us dare to do our duty as we understand it."

NOTES.

Is your coal oil any cheaper because the government reduced the duty one cent?

The Liberal papers are trying to make light of Hon. Hugh John Macdonald's chances against Hon. C. Sifton in Brandon, but underneath their raillery and ridicule may be noticed a feeling of dread that belies their bold words. Sifton and Tarte are two names none too popular in the west as we long ago pointed out. If they bring disaster upon the present government that government will have no one to blame but themselves.

The split among the Liberals at Regina is proving serious. We have it on good authority that a number of prominent Liberals chafed and showed their preference for Davin at the late meeting. No doubt in the eyes of the machine manipulators those men are traitors, but they are men who will not submit to the machine and do not approve of the government going back on their 1896 policy.

The leaders of both parties are out for business. They follow the early regulation mode of going two by two. These duets are interesting often from their bygone sweetness of association. The Hon. George and Sir Mackenzie should make a pleasant and harmonious duet, but we are not likely to hear this duet again, their voices no longer blend. Moosomin Spectator.

No need to go so far afield, brother Smith. The duet in this riding is also interesting for "bygone sweetness of association." "It was the cold steel of Sifton that did it," said Dr. Douglas, speaking of the defeat of his elevator bill, and yet these two are stumping the riding together. Politics produce strange associations.

H. W. T. Quarantined.

Acting upon the advice of the Chief Veterinarian, we presume, the Acting Commissioner S. W. M. P. has issued a proclamation putting the entire range country under a quarantine for murrain. The same restrictions as we had last year are to be enforced again for the prevention of cattle murrain. The seventh Mount. Police Vets. and any numerous questioned officer of the N. W. M. P.

that they may depute to act for them," are charged with the work of inspection. The order has but recently been issued. Shipments of beef which went out previous to the issuing of the order, have escaped the observation of the officers. It is well that this inspection should take place, but the police inspectors should be so placed during the shipping season that they will be at the call of the stockmen, and there will be no annoyance, or delays to stockmen with the shipping. The seven police vets whose names are mentioned upon the notice sent out, are not a sufficient number of men for the work, and it is a rather doubtful class of inspection which we will get from other than properly qualified vets. It is not the inspection we should get, and is open to the same objections as were put forward last year.—Medicine Hat Times.

FARMERS' MARKETS.

(Continued from page 1.)

oats, potatoes and other products, the markets are very uncertain and cash sales are very difficult to make. There does not seem to be enterprise enough in our local merchants to handle these things. The latter market is taken out of the hands of the local merchants by the erection of creameries by the government, making a difference of many dollars a year to the pockets of the farmers. The owners of cows will do well to stick to the creameries. One thing I should like to say to people who live in towns. The sooner they quit making a farm yard of the town the better it will be for them. The health of people is endangered by the filth found in yards and back streets. The town is the place for buying and selling and the country is the proper place for farming.

Now we come to the second part of my subject, namely, the market that the farmer buys in. Many people talk of the difference between the local merchants' prices and the prices of the large departmental stores in the east. It is not to the interest of any district that the farmers should buy by mail at long distances from the place they live in. If our farms are ever to be of much value there must be a building up of business towns in our midst. To this end the merchants should be content to take fair profits on their capital and the farmers should be steady customers with faithful, steady settlement of accounts. The local merchants have no room or right to complain of the farmers sending away their cash if they on their part spoil the farmers' local market by keeping coals, pigs and fowls and also getting larger profits than they should. I would like to ask those who are here to-day, do we do what we should in the way of making our district a place desirable to live in? Do we send our money away? If so, why? Do others sell to us at fair prices so that there is no need of our trading with outsiders? Every man has a right to protect himself against unfair dealing and if the merchants in this or any town do not do right with the farmers of the district they will be to blame if the farmers send their cash east. If a farmer finds it difficult to sell his potatoes, eggs and other produce because the townspeople are producing their own, can we blame him if he seeks the cheapest market in which to buy his supplies? For a community to grow and prosper the townspeople should cater to the farmers buying as cheaply as possible, providing the quality is good, and selling at fair prices, never forgetting to use their local newspaper to advertise their goods, thereby letting the farmers know that they can get good treatment right in their own town. I would like to point out that farmers have a remedy in their own hands against unfair treatment and that is by co-operation or combining. If they have to pay too much for work done it is easy for a hundred or two of farmers to fix up a shop and hire a tradesman to work for them. If they are charged too much for goods they can combine on a co-op basis or two. Why do some towns like Indian Head appear to grow and prosper faster than the Appleton? Is it the fault of the people or is it inferior to Indian Head? I think if Qu'Appelle people would hear themselves and to their level best, Qu'Appelle would grow as fast as any town in the West. We want

more people, more merchants, more tradespeople such as blacksmiths, joiners, carpenters, harnessmakers, watchmakers, etc., and we want more advertising. If anyone has anything to sell let him use his local paper and give the editor a chance to make a living. Let us increase the number of townspeople by a thousand or two. Then our farms will grow in value. Our local markets for our produce will rapidly mend, and the local merchants will have no time to milk cows or place to put them up. The stranger will no longer think he has struck a farm village, but a live town with live merchants in it, with busy implement men who will have no time for pool or pedro, and instead of the crowing of cocks and the cackling of hens he will be greeted with the musical sounds of the smith's and joiner's hammers and the hum of the mill, elevators and felt factory. And outside, the farmers will work contented and happy, knowing that they have a market right at their doors where they can get fair dealing, good prices and quick sales.

Another market that I wish to say a little about is the farmers' money market. No man ought to get money cheaper than a farmer, but he very often has to pay more for it than anyone else. The man who asks 20 per cent for his money and double security should be boycotted. If the banks would place money in the hands of the farmers at a cheap rate, the country would grow and develop rapidly. I am sure that no class of men is more willing to meet their liabilities than the farmers, and the banks would find a great increase in their business by letting out money cheaply. Do not the implement men find, year in and year out, that selling to farmers is a safe business? There may be a small percentage of bad payers, no more than in any other line of business.

Now my last point in this paper is the difficulty of getting the overplus of such produce as potatoes, eggs, etc., right away from the farmer to the consumers in other towns. As soon as the railway people can handle these things quickly and cheaply in small parcels to suit buyer and seller, so soon will the farmer get better prices for his produce because he will have a larger market to sell in.

Now, Mr. chairman and gentlemen, I think I have said enough to raise a discussion which is the object of this meeting.

Brought to a Focus.

The minds of two hundred and fifty of the brightest, keenest, and most thorough Bible students of the country are daily focused upon the International Sunday school lessons for the purpose of writing helps for the million and a half Sunday-school teachers of America. TO WHOM IT MAY CONCERN.

N O T I C E is hereby given that under the authority of an Order of His Excellency the Governor in Council dated the 15th day of June, A. D. 1899, passed under the provisions of Chapter 16 of the act 61-41 Vict. c. 41, all persons who were at that date indebted to the Crown on account of Suretyship (but not as principals) for

SEED GRAIN.

have been relieved from all such liability. All persons whose patents when recorded in the Land Titles Office were accompanied by Certificates of Liability as Surety for seed grain indebtedness, and whose Certificates of Liability have been listed, subject to such indemnities, should forward their Certificates to the District Registrar, who have been instructed to amend such Certificates of Liability by removing, free of charge the indication of the seed grain liability.

By order, JAS. A. SMART,
Deputy Minister of the Interior,
Ottawa, 20th August, 1900.

CHEAP RATES in

Endowment,

20 Payment Life, or our

Combined Term and Renewal

Option Policy.

To illustrate this combination feature, we will give the figures: A man of 30 takes one of these combination policies for \$1,000. The first five years will be regular term rates of \$11.50 per annum. At the end of the five-year period, if he has elected to take a whole life policy, the rate will be \$23.15 per annum, which is only a slight increase over the rate usually charged at age 30, when the first policy began. By this means the policyholder is virtually able to keep his age level for five years, so far as insurance premiums are concerned. This is no small advantage when a man wants all the protection a given amount of money will possibly buy.

Lebret.

From our own correspondent.

Mrs. T. Carroll, of Stathcarrol, accompanied by a number of friends visited Lebret on Monday.

Dr. Seymour conducted medical examinations at Indian Head last week.

Miss Cora Seymour left on Saturday for Calgary to continue her course in music, painting, etc. We wish her success.

The Industrial School Band furnished sweet music in their evening practices and are a credit to themselves and the institution.

Mr. N. K. McLeod, Miss M. McLeod and Mr. J. A. Cameron visited friends here on Sunday. They leave on Wednesday for their homes in Glenegary county, Ont., and will be accompanied by Mr. H. Cameron who, we are sorry to say, has not been enjoying the best of health for some time past. We hope to see him return in the spring fully restored.

Mr. W. E. Hays, of Minto, was at Lebret on Saturday.

Mr. J. B. B. of Balgonie, was seen at Lebret on Sunday.

It is reported that the Government General and Lady Minto will visit the Industrial School towards the end of this month.

Those of our local sports who took advantage of the opening of chicken season and with varying success.

The public meeting at the Fort last Tuesday does not seem to have been a home for success for the labor cause. In fact there are to be found those who aver that it was a signal conservative triumph.

People here are looking forward with a full of interest to the appearance of Mr. R. S. Lake, the conservative candidate, at Fort Qu'Appelle. There has been a remarkable change of feeling in this section since 1896, and the opportunity is Mr. Lake's to take advantage of it.

Springbrook.

From our own correspondent.

Mr. Thompson left here for his home in Minnesota after a visit to his daughter, Mrs. Ginge.

Mr. Graham has his new house completed and is occupying it.

Mr. Freeman Talbot arrived from the United States last week and is visiting his grand daughter Mrs. Ginge.

Mrs. Elliott, from Ontario, is visiting her niece, Mrs. McNaughton.

Wet weather has set in again and we are afraid it will do considerable damage to stacks.

The frost on the 12th came too late to do any damage. In fact many wish it had come sooner and earlier so as to kill the weeds.

A large number from here attended the political meeting at the fort on the 11th. This was the first occasion a great many have had of hearing the Minister of Agriculture speak. Mr. Sifton has always had many admirers in this valley on account of the gentle, kindly way in which he repudiated the better and unfair attack made on him by the hostile element of the opposition and Conservative press. His timely and straight forward personal appearance on the platform has gained for him many more. There is no doubt his address in the administration of the affairs of the Northwest has never been equalled. His growing popularity and success as a public man is quite attested by the fact that

the Conservatives are endeavoring to defeat him at the coming election harder than they are any other member of the government.

A number of our sportsmen took advantage of chicken season opening and succeeded in shooting quite a few.

A squad of mounted police passed through the settlement on their way to the Fort from Regina.

OUR CORRESPONDENT GOES INTO POLITICS.

In answer to your Lebret correspondent, we would say that while not boasting of our knowledge of historical facts, we know this and so does every one who has studied the political history of Canada, that the sacrifice of this country to a huge monopoly for the purpose of securing a railway through it has retarded its growth and development ever since.

What the Grit opposition of that time objected to was not the building of the railway but the enormous subsidies granted. They valued the land grant as being worth fifty million dollars; and altogether it was declared the C. P. R. contract involved government grants in cash and lands and already constructed railway worth one hundred million dollars. In addition to these were concessions, privileges and exemptions worth many millions more.

The injustice of those huge subsidies and then draw back to the settlement of this western country has been clearly evidenced.

Sir Charles Tupper promised that if the Conservatives were allowed to remain in power as long as they were we would have twenty million people in the North-west, but until the last five years more people have gone out than have come in. The population has not increased as much as the natural increase should have been. The people are getting tired of paying taxes and doing road work to enhance the value of C. P. R. lands, which were unjustly taken from them and handed over to a huge monopoly which, with its excessive freight rates, deprives them of their hard-earned money. To say we were "humbly" is using too mild a term altogether, in fact, we were "betrayed."

Loon Creek.

From our own correspondent.

The farmers are kept busy stacking these days, as threshing will start soon.

Messrs. Campbell and Martin, of Fort Qu'Appelle, visited Loon Creek last week.

We are pleased to hear that Mrs. G. Scott who has returned home, has fully recovered from her illness.

Mr. Adams was unfortunate enough to have a horse badly cut by a barbed wire fence recently. The animal had to be shot.

Mrs. Baker, of Fort Qu'Appelle, has been visiting her friends in this district and returned home on Monday.

Balgonie.

From our own correspondent.

A severe storm on Friday last seriously hindered threshing operations.

No accounts of big shooting on Saturday have as yet come in. Chalkens were said to be plentiful, but the game laws have been so strictly broken that they are getting pretty scarce. A great many people think that any game on their land becomes their private property. The game wardens should look such to respect the laws.

Mr. Debar who has been prospecting in the West, dropped off here in a few days with Mr. A. W. Dalgleish. He is now on his way to his home near Ottawa. He intends to return next spring and settle in the West.

The elevators are not yet in operation owing to the weather.

nature of wheat samples. The dry weather and the second growth stuff have combined to make the grading a difficult task.

Mr. J. R. Agar has been making extensive alterations in his two dwelling houses.

Mr. Davis, of Qu'Appelle, is at present in town looking after some plastering contracts.

Wide Awake.

From our own correspondent.

Harvesting is just about completed. There is still a small quantity of late oats and wheat in the stock. Some of this has suffered from the frost, but will make good green feed.

Threshing is progressing very slowly owing to the frequent showers. Not many will care to try shock threshing after this year's experience. The yield is not up to expectation and contains a large per cent. of weeds.

Chicken season is now in, but the birds seemed to have been warned as they were all harvested. A few geese have made their appearance but they are very canny.

Misses F. E. McKenzie and C. Cargo, of Fort Qu'Appelle, spent Sunday at Mr. Ross, Jackson's.

Mr. and Mrs. Seymour, of Springbrook, visited Mr. Radcliff and attended the afternoon service in the hall.

Mrs. Henderson, of Indian Head, is visiting friends in the neighborhood.

Edgeley Echoes.

From our own correspondent.

On Monday evening the young people held a social in the hall, when a very pleasant time was spent in speaking, singing, playing games, telling stories, etc. Refreshments were served during the evening. A collection was taken up to defray expenses. There was no admission charged.

We regret to announce that Mrs. Alex. Scott has been quite ill for some days, but we soon hope to hear of her recovery.

Mrs. Jas. Whittingham is now recovering from a severe attack of quinsy.

The falling went to the Fort and the Industrial School last week. Mrs. Booth, Miss Hamblay, Miss Gung, Mrs. McAta and Mr. J. H. Gung.

Mr. J. D. McAta, Indian Head, has been visiting relatives here during the past few days. He spent some time shooting which is all the rage now.

Mr. and Mrs. George Webster, of Wide Awake, visited relatives here last Sunday.

As the law now allows the shooting of prairie chickens they are being slaughtered in great numbers, not only by our local sports but also by sportsmen from town.

FIRE AND STORM.

PARIS, ONT., LOSTS FORTY-TWO BUSINESS HOUSES BY FIRE.

A Severe Gale Struck Buffalo, Doing Damage to Shipping—Woman Killed by a Live Wire.

Paris, Ont., Sept. 13.—The most disastrous fire in the history of Paris was in progress since one o'clock this morning, and was only under control at noon today. The business portion of the town was almost wiped out, over 40 leading places of business being burned. The loss is between \$250,000 and \$350,000.

Newport, N.Y., Sept. 13.—The Hotel Rockingham at Narragansett pier is on fire and other hotels are in danger as a heavy gale is blowing the flames in their direction.

Later—At 2 o'clock the Rockingham, the Casino, Hazards block, the Knights of Pythias block, and twenty small stores had been burned to the ground and the flames were still sweeping down on the entire stretch of the beach. The loss is estimated at \$450,000.

Buffalo, N.Y., Sept. 13.—The wind here attained a velocity of 72 miles an hour at 8:30 yesterday morning, but beyond the blowing down of a number of trees, the wreckage of awnings, and the destruction of a tower on one of the Pan-American buildings in the course of erection, no serious damage has been reported.

A woman, while picking up debris in a yard, caught hold of an electric light wire and was electrocuted. Milwaukee, Wis., Sept. 13.—The steamer F. & M. No. 4, of the Pere Marquette line, which left Holland, Mich., yesterday afternoon, for Milwaukee with over 300 passengers and which was caught by last night's storm, reached Milwaukee this morning. The passengers had a terrible experience.

Detroit, Mich., Sept. 13.—A special from St. Joseph, Mich., to the Evening News says:

The steamer Lawrence, of the People's Transit company, has been given up for lost. She had fifty people on board. Wreckage has been found north of this port.

Rochester, Sept. 13.—The West Indian storm reached this city at 3 o'clock this morning. Much damage was done by the blowing down of shades, trees, fruit orchards, windows were smashed and barns unroofed. At the lake the wind reached a velocity of 70 miles an hour. The Canadian yachtsmen remained in the harbor.

Lyons, N.Y., Sept. 13.—Wayne county was struck by a tornado at midnight last night. Trees were uprooted all over the country and thousands of barrels of choice fruit were destroyed.

CONVERTS MASSACRED.

Over 15,000 Said to Have Been Murdered During July in the Chinese Provinces.

London, Sept. 13.—All the correspondence from China are sending terrible stories of the wholesale massacre of missionaries and native Christians. It is asserted that during July between 15,000 and 20,000 converts were massacred in the northern provinces. Large numbers of missionaries are still unaccounted for and small hope is entertained of their escape. Native reports are subjected to the most careful scrutiny, with the result that although there may be some exaggeration it is impossible to doubt that in the main they are correct. The horror is intensified by confirmation of the reports that the women are subjected to unspeakable barbarities, being stripped and slowly gibbeted to death. This was one of the most heinous methods. The Boxers wreaked Jewish vengeance. The newspapers are calling for swift punishment. Fears are expressed lest the Russian government which does not encourage missionary propaganda, should prove lukewarm in this matter.

Tien Tsin, Sept. 9.—Via Shanghai, Sept. 13.—A body of 4,000 allied troops marched today against the cities of Sheng Hae Sien and Tille, where the presence of Boxers threatens the Tien Tsin region. The advance was made in two columns for the purpose of flanking the towns. General Dorward personally commanded the expedition. The Japanese siege guns were taken with the expedition, which included a large force of cavalry. One regiment of German cavalry and one British battery have arrived.

Ottawa, Sept. 13.—The annual meeting of the Canadian Medical Association opened here yesterday in Convocation hall, Ottawa university. Dr. Powell, of Ottawa, president, presided. This afternoon Dr. Kyrson will deliver an address on surgery in the South African war.

London, Sept. 13.—By winning today the St. Leger stakes, Diamond Jubilee has won for the Prince of Wales the first time the three great classic races of the year. Diamond Jubilee was the two thousand guineas, May 2, and won the Derby May 30.

OOM PAUL ESCAPES.

A Dispatch Announces His Safe Arrival At Lorenzo Marques.

Lorenzo Marques, Sept. 13.—President Kruger arrived here last night. Washington, Sept. 13.—The following dispatch has been received by the war department from the United States officer who accompanied the Boers in their campaign as military observer:

Cape Town, Sept. 13.—In the Cape House of Assembly yesterday the premier, Sir John Sprigg, replying to a question concerning the fate of the refugees who have not been permitted to return to their occupation, said that if charitable funds failed, the government would see that the refugees did not starve.

London, Sept. 13.—The Cape Town correspondent of the Daily Mail, referring to the question put in the House of Assembly to Sir John Sprigg, regarding the refugees, says: "The distress among them is very serious. Large numbers, mostly Americans, are living in caves on the sides of Table Mountain, owing to their inability to pay rent."

Ottawa, Sept. 13.—Gen. Hutton has written the governor general, under date June 20, enclosing a copy of a field report made to Lord Roberts in reference to an engagement in the neighborhood of Pretoria upon the 18th and 19th of June in which a detachment of the 1st battalion, Canadian Mounted Rifles, took so distinguished a part. He says:

"I cannot allow so exceptional a performance and so difficult, dangerous and delicate a duty to pass without bringing the whole detachment by name to your excellency's notice. These are mentioned in the dispatch to Lord Roberts: Lieut. F. V. Young, (Souris) Manitoba Dragoons; Sergt. R. H. Ryan, King's Canadian Hussars; Sergt. Purdon, Duke of York's Own Hussars."

THE ROUND WORLD.

Its News in Condensed Paragraphs.

Simla, Sept. 13.—The plague is again increasing. Over a thousand deaths from the disease are reported to have occurred in India last week.

Vancouver, Sept. 13.—James McAllister, formerly of Toronto, was seriously injured by the explosion of the asphalt barge in the civic street repairing yard this morning. Several other employees in the yards had a narrow escape.

Des Moines, Ia., Sept. 13.—The seventh biennial convention of the Brotherhood of Locomotive Firemen opened in Des Moines Auditorium with 500 delegates present, including representatives of every state in the union and Canada.

Toronto, Sept. 13.—H. A. King, a well known city stock broker, died yesterday, aged 53, after a lingering illness, the immediate cause of death, however, being heart failure. The only son of deceased, Harry, is in business in Greenwood, B.C.

Balfour, N.D., Sept. 13.—Mr. Leonsch, residing six miles northeast of this place, committed suicide Sunday morning by shooting himself through the head with a rifle. He was 58 years old and leaves a wife and four children. He came from Sauk Center, Minn., a year ago.

Houston, Sept. 13.—The magnitude of last Saturday's calamity grows every hour. The newspapers have been too conservative in their efforts to guard against extravagant exaggeration. Many conservative people believe that ten thousand will be reached before the mortality list of Galveston, and vicinity is closed.

Newspaw, Man., Sept. 13.—Mrs. Paul W. Lipke died this morning as the result of the rash act of cutting her throat last night. Mrs. Lipke had been ill for several weeks and on Tuesday afternoon attempted her life by taking alcohol. Dr. McKee administered restoratives and succeeded in reviving her.

Calgary, Sept. 13.—Calgary's second annual exhibition opened yesterday with an enormous crowd, weather fine and exhibits numerous and excellent in all departments. Lieut. Gray, Forget was introduced by President A. G. Wolverson and made a speech referring in glowing words to the natural advantages of the district and the enterprise shown in the exhibition.

Berford, Ind., Sept. 13.—Drunkken negroes are causing a reign of terror at Huron, 12 miles south of here. This city has been asked for a posse. The negroes have been employed by railroad contractors, and since receiving their wages on Saturday, have been drinking and gambling. Many bloody fights have resulted and at least six murders have been committed among the negroes since their advent here.

Winnipeg, Sept. 13.—A tragedy occurred early this afternoon. Mrs. Hutton, wife of Dr. Hutton, the well known practitioner of this city, having been found dead in her room. A revolver found by her side gave the story of her death, but whether the lady took her own life or it was the result of an accident, will probably never be known. Mrs. Hutton has been in very poor health all summer, her malady, it is believed, has preyed on her mind to an extreme degree.

BRIBE WAS USED

WITH RUSSIA AND GERMANY TO EVACUATE PEKIN.

Russia to Get Manchuria—Li Hung Chang Issues a Proclamation to the Boxers.

London, Sept. 12.—The Shanghai correspondent of the Morning Post says: "It is considered certain that Chang tried Russia and Germany to evacuate Pekin. The former will get Manchuria, but it is not known what terms have been offered Germany."

France has formally adhered to the Russian proposal to withdraw from Pekin to Tien Tsin. It is learned on unquestionable authority that telegraphic instructions were sent yesterday from Paris and St. Petersburg to Pichon and de Giers, directing both ministers in conjunction with Generals Froy and Linawetz to take measures to withdraw the legations and military contingents of both countries to Tien Tsin immediately or as soon as circumstances permit.

Shanghai, Sept. 12.—Li Hung Chang is now circulating a proclamation in the province of Pe Chi Li, warning Boxers to return to their homes. Li says: "You know me; remember my twenty-four years' service among you." Li threatens that unless his orders are obeyed at once he will go to Pe Chi Li and punish the recalcitrants.

Tien Tsin, Sept. 12.—The last reports received here state that the emperor is in the province of Shen Si. The Japanese are pursuing her.

Washington, Sept. 12.—The state department has received a dispatch from Fowler showing that steps have been taken by him to secure a vessel to go to the rescue of the missionaries and their families escaping from the interior of China.

QUARTETTE OF INVALIDS

Meet With a Splendid Demonstration in Passing Along London's Streets.

London, Sept. 12.—A quartette of Canadians, who had been invalided to England from South Africa, recovered sufficiently to receive permission from the war office to return to the front and join their regiments, at present in pursuit of the fleeing Boers in the high hills of the Transvaal. The four soldiers are: Pte. P. Delmer, 26th Middlesex Light Infantry, company; Sergt. S. H. Eagleson, 43rd Carleton and Ottawa Rifles, D company; Corp. W. H. Grant, 45th Highlanders, Troop; C. Company; Trooper Wm. H. Snider, E squadron, Canadian Mounted Rifles, Berwick, N.S.

Four braves containing Canadian and Australian soldiers from South Africa, who have been invalided to England, on leaving the Strand today for the residence of Mr. Burdett Coutts, M.P., who is entertaining them, received a splendid reception along the entire route, the colonials meeting with enthusiastic demonstrations from the crowd.

Ottawa, Sept. 12.—The following is a correct list of the men of the second battalion, Canadian Mounted Rifles, who were reported missing: Thos. Duxbury, Pioneer Creek; B. W. Cleandinen, N. W. M.P.; A. Shunn, N. W. M.P.; Harold Strong, N. W. M.P.; Sergts. Hayne and McCullough. These men were all prisoners and have been released.

Ottawa, Sept. 12.—A committee of the patriotic fund are prepared to receive and deal with applications on behalf of the Canadian volunteers who have returned to Canada. It is suggested that officers commanding the corps in Canada and the several branches of the Soldiers Wives League will be good enough to communicate at once with the secretary of the patriotic fund.

PLANNING AN ESCAPE.

New York, Sept. 12.—A report is current that Botha is aiming to cross the Portuguese border into East Africa. He would thus escape capture. If his plan succeeds there will be necessity for months of fighting yet.

London, Sept. 12.—A dispatch from Johannesburg, dated Sept. 3, says Dalgety's third cavalry brigade arrived there from Zwartkops after some sharp fighting for a week. They got into a tight corner at Quaggafontein where the Boers captured their ambulance train. The Boers had five killed and nine wounded. Little was among those wounded on the British side.

A BRITISH REVERSE.

Kumasi, Sept. 12.—News has been received here that a body of 8,000 native levies under Capt. Benson attacked Ojese, the famous fabled town, ten miles east of Kumasi Aug. 29, instead of waiting to co-operate as ordered, with Lieut. Col. Braks' column consisting of the Central African regiment, which reached Ojese Aug. 31. As soon as they were under fire the levies turned and fled. Capt. Benson, who had only one white man with him, is reported to have sent himself in order to avoid falling into the hands of the Ashantis.

No Private Interview.

"Could I have a few minutes' private conversation with you?" he asked as he stood at the open door of a lawyer's office in the Loan and Trust building the other afternoon.

"Can't you speak right out from where you are?" asked the lawyer in reply after looking the man over.

"I'd rather make a private matter of it."

"What is the nature of your business?"

"Confidential strictly private and confidential, sir."

"Well, I have no time to grant you a private interview. If you have anything to say, you can let her go right here. Now, what is it?"

"I-I wanted the loan of a quarter, sir," stammered the man.

"Oh, you did! And you wanted a private interview to ask me that?"

"Yes, sir. I knew that it would hurt both our feelings if I were refused in public—years because you couldn't afford to loan me the money and mine because I couldn't get it. Can you grant my request, sir?"

"No, sir."

"And does it hurt your feelings?"

"Not a bit. You are mistaken on that point."

"And my feelings are the only ones hurt?"

"Yours alone."

"Just so," said the man as he bowed and backed out. "I beg your pardon. I was mistaken. You have the money and no feelings, and I have the feelings and no money. Inexplicable chaos; no use in trying to bridge. Good day!"

Twelve big holes in the washboard and heavy three eggs, covering them up so he looked by the way.

Territorial and General News.

Fathers Magnan and St. German, of the Fort Qu'Appelle mission, were in Regina on Monday on their way to Willow Bunch.—The West.

The Calgary Herald reports a bold robbery in that city. A young man was enticed out for a walk on the evening of August 30th. His companion was joined by another man at a quiet spot on the Bow River and the two soon overpowered the young man, gagged and tied him and then took a hundred and fifty dollars which he had in his pockets. The ruffians threw the young man after robbing him into the river. He got out once and was thrown in again. Again he managed to reach shore and was shortly afterwards discovered and brought to the hospital in a dazed condition. Some arrests have been made. The facts as reported seem incredible and the public will watch eagerly for the outcome of the trials.

HUNTER'S DRUG STORE

(If You Get It at Hunter's It's Good.)

It Is An Established Fact

That, when you want a really good article and wish to secure first quality, you must go to the Drug Store. It is a common business to know more things from impulse. I give a positive guarantee of the quality of all drugs and supplies for stock purposes. Below is a list of drugs that farmers and ranchers need from time to time:

SALT PETRE	SWEET NITRE	MACHINE OIL
SULPHUR	TURPENTINE	PURE CASTLE SOAP
ROSEBERRY	RAW LINED OIL	INSECT POWDER
COFFEES	CARBOLEIC ACID	CALIBER SALTS
GENTIAN	CRUDE CASTOR OIL	PERM SALTS

My prices on the above will be found the lowest compatible with quality. When large quantities are desired special quotations will be given.

I want all the drug trade that is to be done in this part of the country, and I have put here for your convenience and inspection as extensive a stock of drugs as can be found in the Territories. Every detail of the business has my personal attention, and any order sent to me will be attended to as promptly as if you were present yourself.

Optical Department.

The Most Important Branch

Of my business, next to drugs, is the optical business. When your eyes burn or pain or tire easily, causing head ache, it is high time to look to them. Eyes that tire easily call for help, and properly adjusted glasses afford the only assistance possible. I am sole agent for Assiniboia for the famous B. Lawrence glasses. I have the largest stock of lenses in the Territories—can fit any case where the eyes are not too badly diseased. Do not delay getting a pair of glasses if your eyes trouble you, for every hour you delay only aggravates the trouble. Call and have your eyes examined FREE OF CHARGE, and then you will be convinced whether you need glasses or not.

AMATEUR PHOTOGRAPHIC SUPPLIES.

All the different supplies such as developers, fixers, printing papers, plates, rollers, tripods, cameras, printing frames, plate holders and mounts can be had from me.
